Street Academy  
165 Clinton Ave.  
Albany, New York

## *Dedication*

We dedicate this yearbook to Sister Anne Montgomery and Deven Foster. We are grateful that they have both contributed so much of their time and energy to help all of us. A lot of us wouldn't have made it without Deven's good nature and Sister Anne's encouragement to guide us along.

We are very sorry to think that they may be leaving at the end of this year, and we would like to take this chance to thank them for all they have done. If they do leave, they will not be leaving a single bad thought behind them.

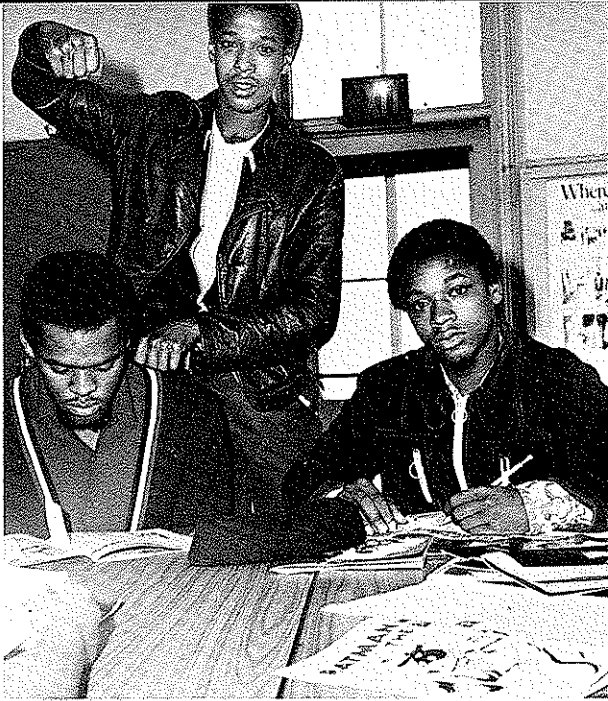

## *Knowledge, Freedom and Brotherhood*

The Street Academy, which is going into its fifth year of operation, is a non-graded public high school where students progress at their own level. The students who come to the Street Academy are involved in various types of programs ranging from basic skills to high level academics.

In addition, we make use of the community through such groups as social agencies, museums, businesses, and some government offices to provide other learning experiences.

Our program is characterized by close relationships between the students and the staff. All together, we here at Street Academy are very proud of our school. We wish all our past and present graduates a most successful future.

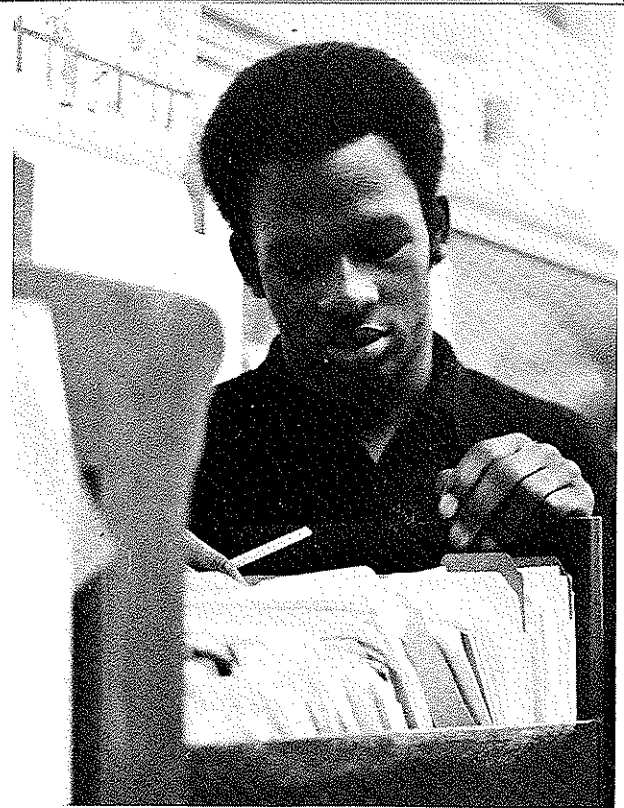

Sheila, the book's upside down!

Keep at it, Carmen.

Happy and sad.

*Street Academy by Stephen Taylor*

We've been looking at the past too long  
Now it's time to see what's going on.

With Sr. Harmon we were strong  
With Bob Peterkin we still were strong  
And with Harriet Gibbons we shall be strong,  
For long.

Now we all must stand together  
And speak out together  
To the community -  
Pick us up before you put us down.

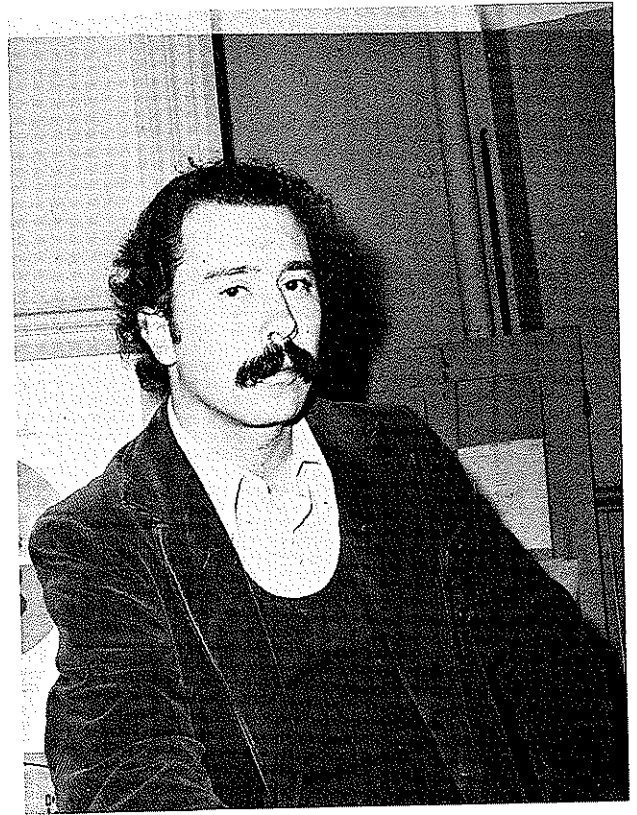

We have been looking at the past too long  
Now it's time to see what's going on.

## From the Coach

This year's team was small in size but big in heart. They gave their all for a winning cause. The team played hard-nose man-to-man defense from base-line to base-line.

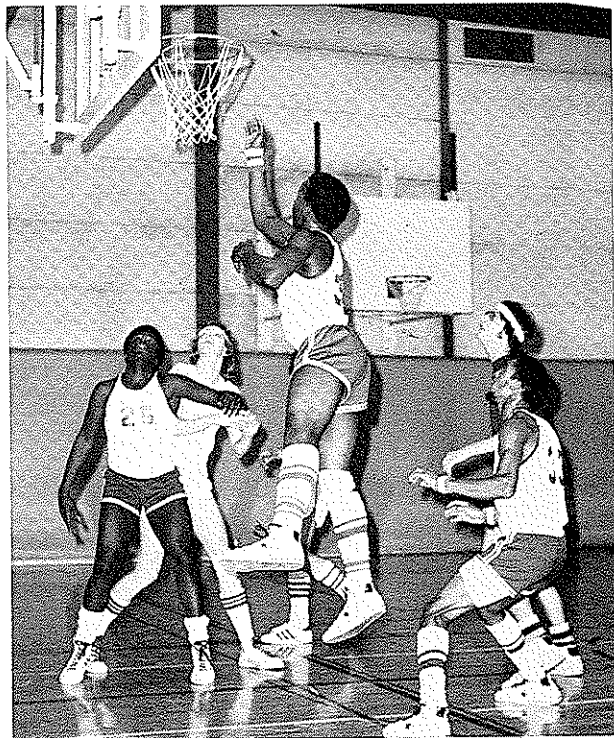

The team was led by Harry Cain, Ray McGill and Skip Donley. Also starting were Twist Welcome and Brian Trotter. Other players on the team were John Jones, an outstanding jump-shooter with good moves, Lester Royal, a good rebounder with a nice, soft shot around the basket, and Jerry Dewitt.

Our leading scorer was Harry Cain with 20 points a game. The top rebounder was "Big Brian" Trotter. The defensive ace all over the court was Edward "Twist" Welcome.

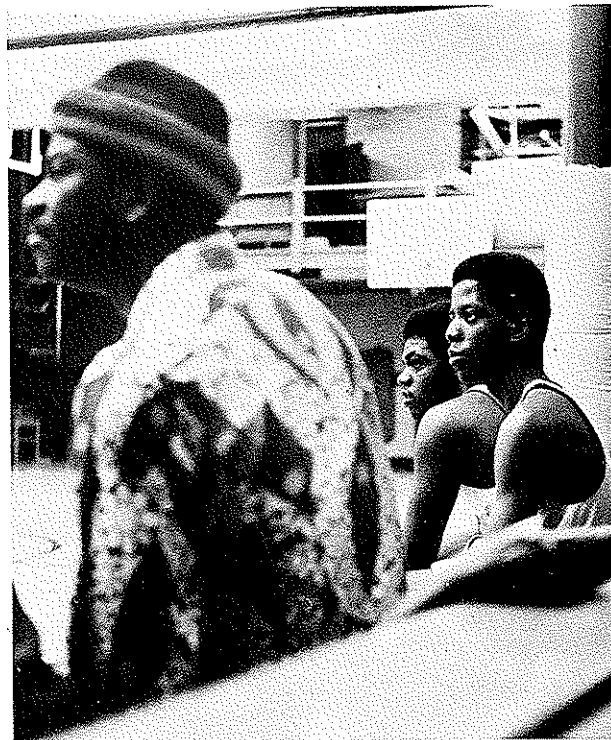

The only senior on the team was Skip Donley, who I feel can go to college and be a great one with his fine one-on-one moves. If the other players return and live up to their potential, I feel that next year's team will be a fine one.

Ray puts it off the glass.

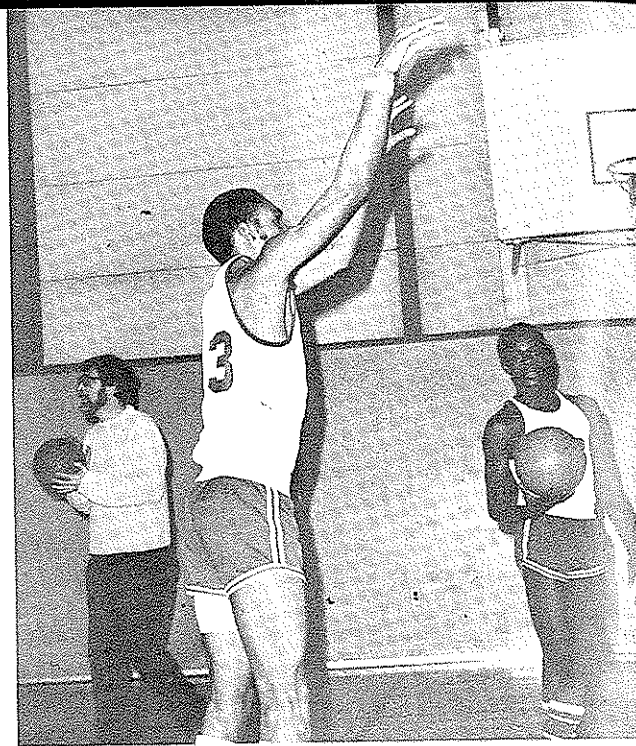

On the bench.

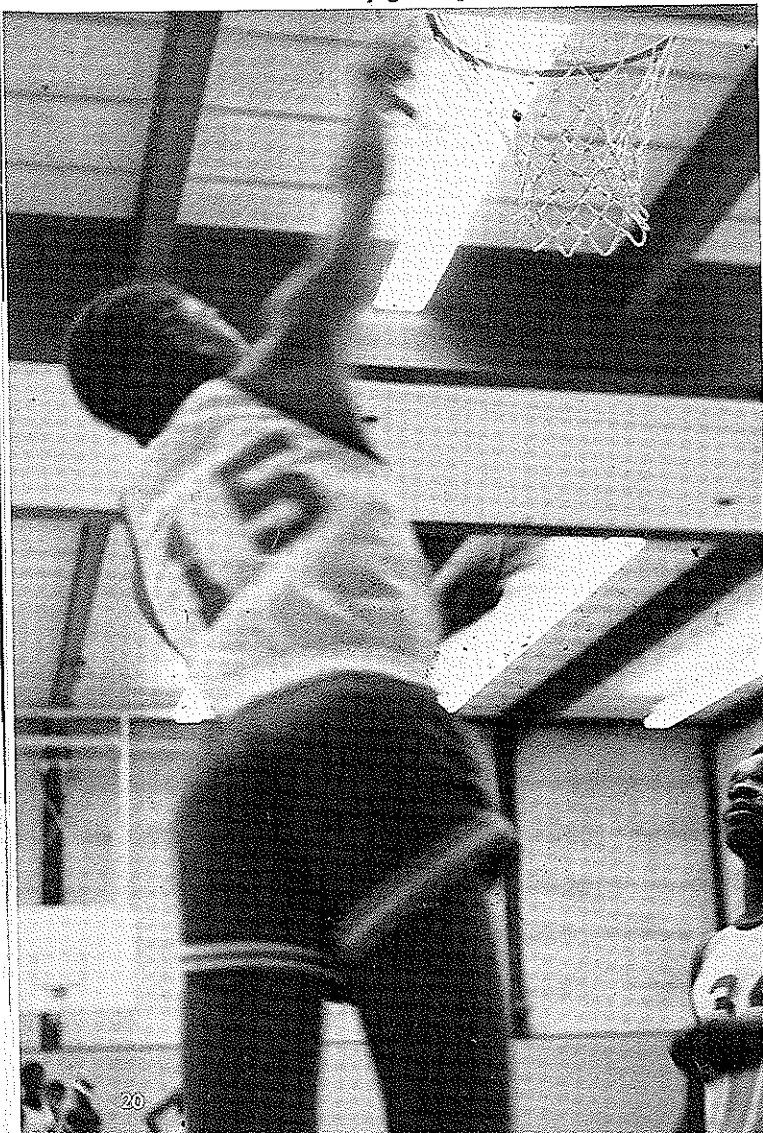

Another one of Skip's sweet J's!

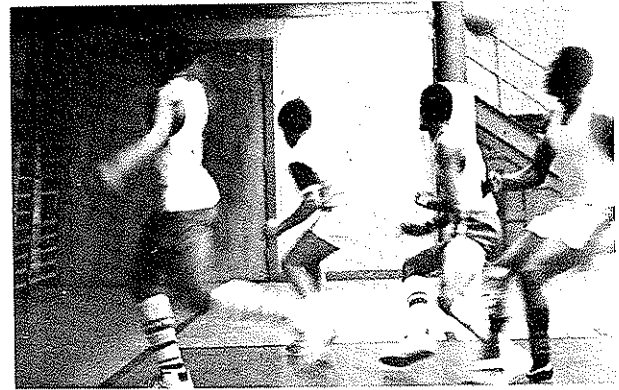

Two points.

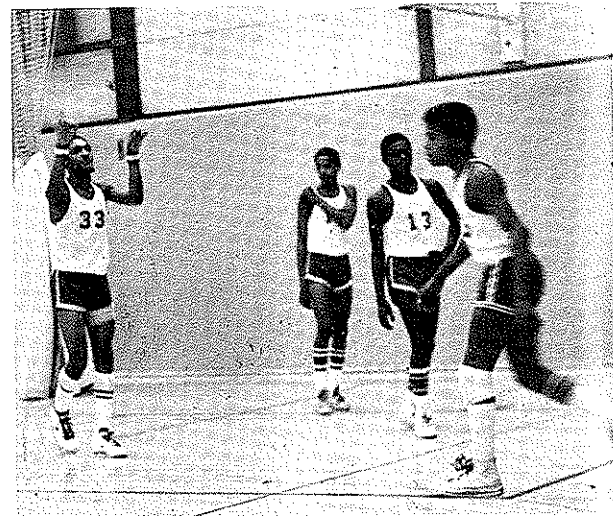

Mickey goes up.

Let's party.

Where's the ball?

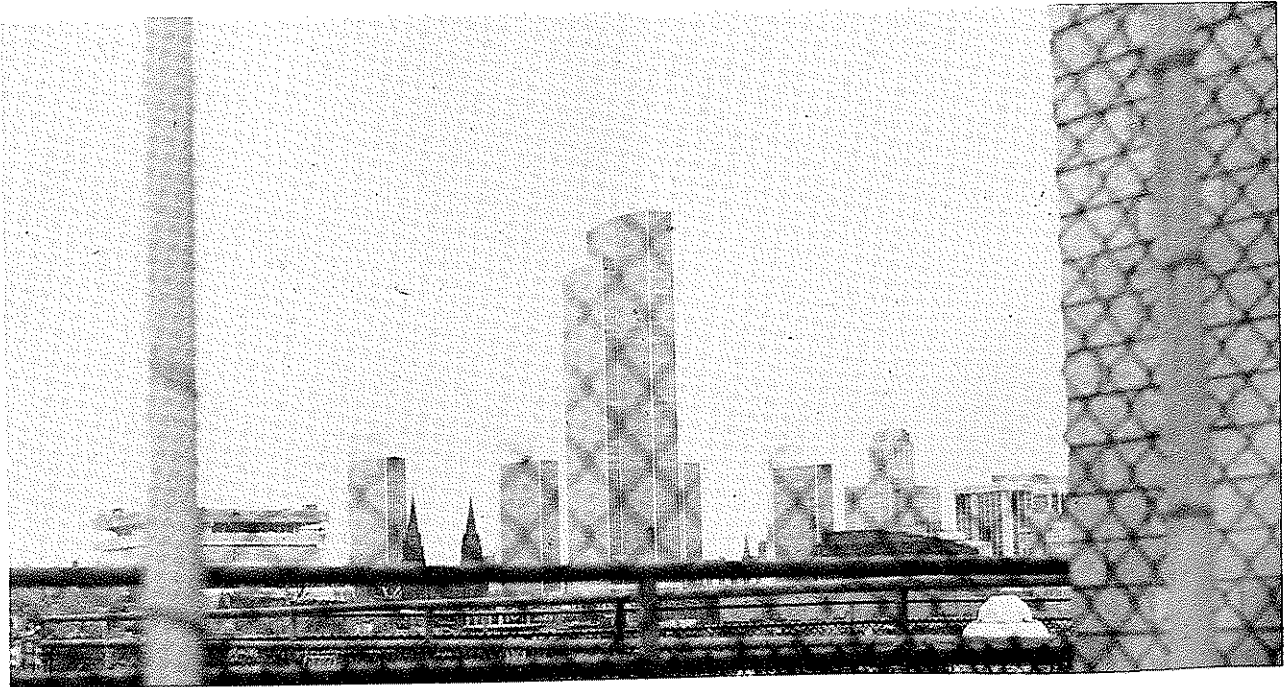

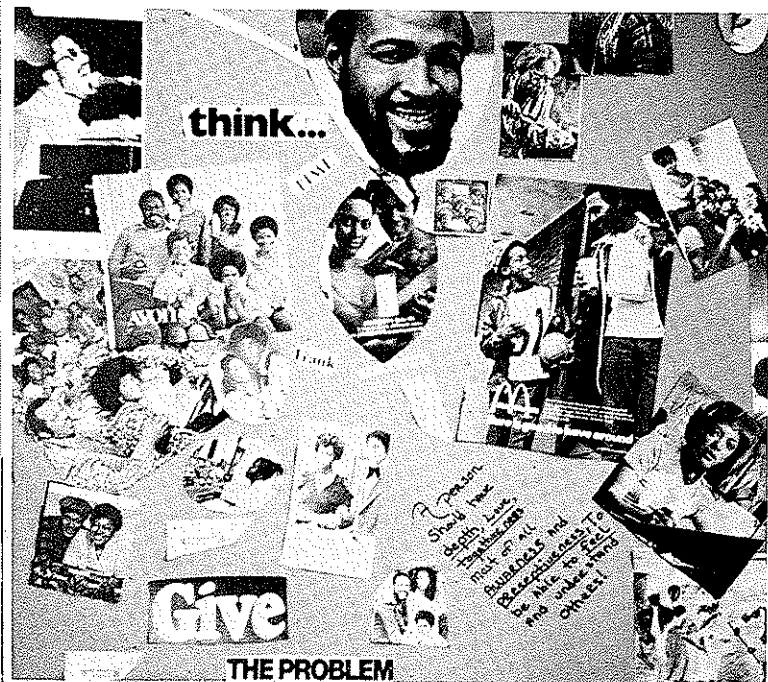

## *Inner-City Players*

The Inner-City Players have been established as a modality through which the students and/or youth of the inner-city can channel their talents and promote community participation through informational and motivational plays, skits and other forms of art. These plays and skits are based on some part of actual life-cycle experiences as they relate to specific areas in which community action is needed. The slogan of the Inner-City Players is:

We, the youth of today,  
Come forth to pave the way,  
For we are the leaders  
Of tomorrow.

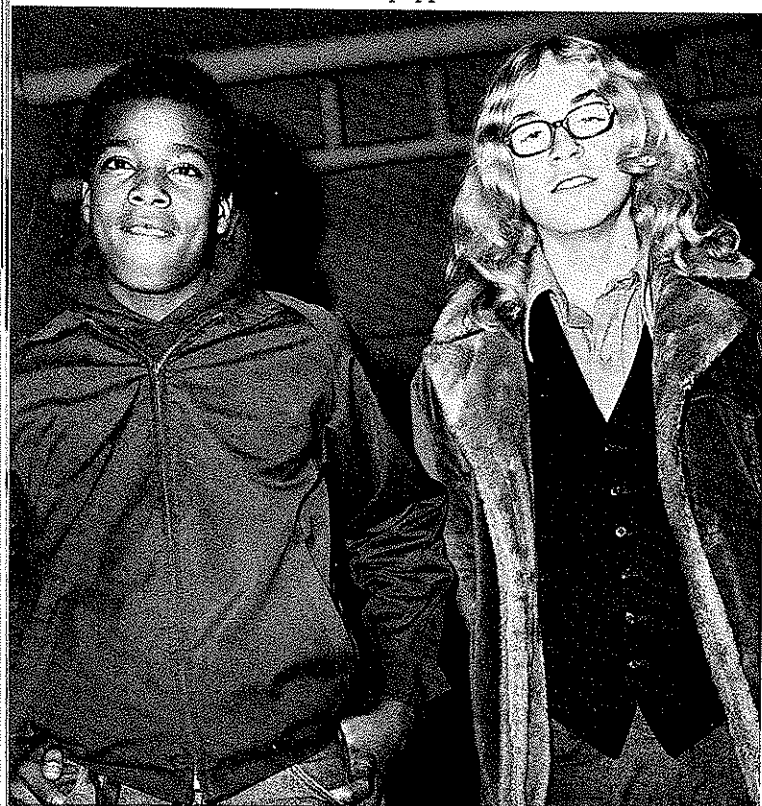

CHRIS VINSON, DIRECTOR

We've got to stick together.

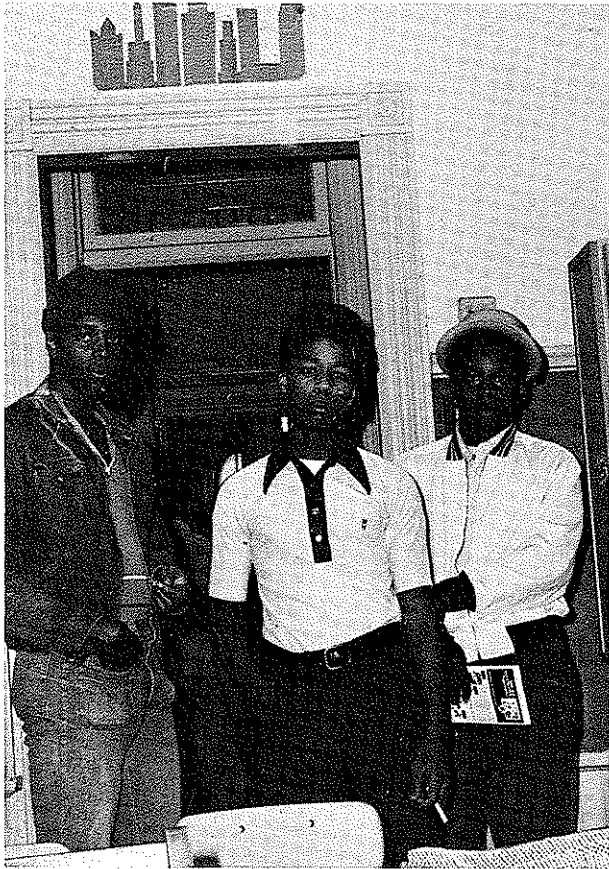

Salt and pepper.

Geri's not learning, but Deven is.

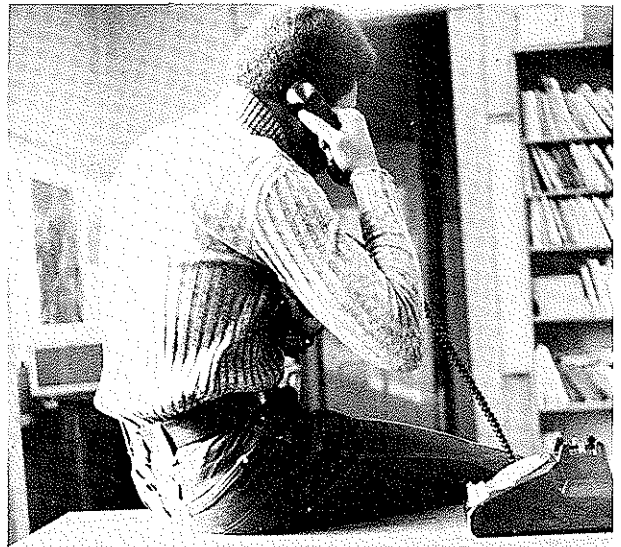

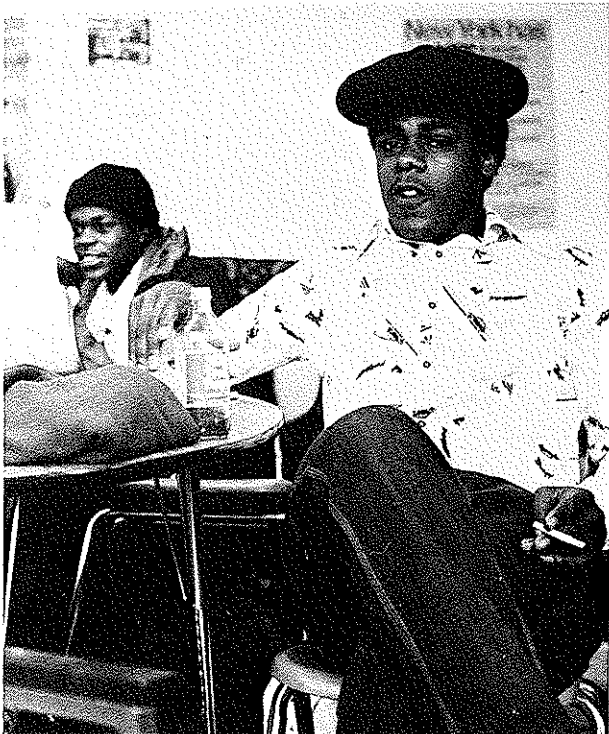

Four of a kind.

Guys of the '30's.

Lestoil!

"Sure, Mr. Bill Russell. I'll be glad to play for the Super Sonics."

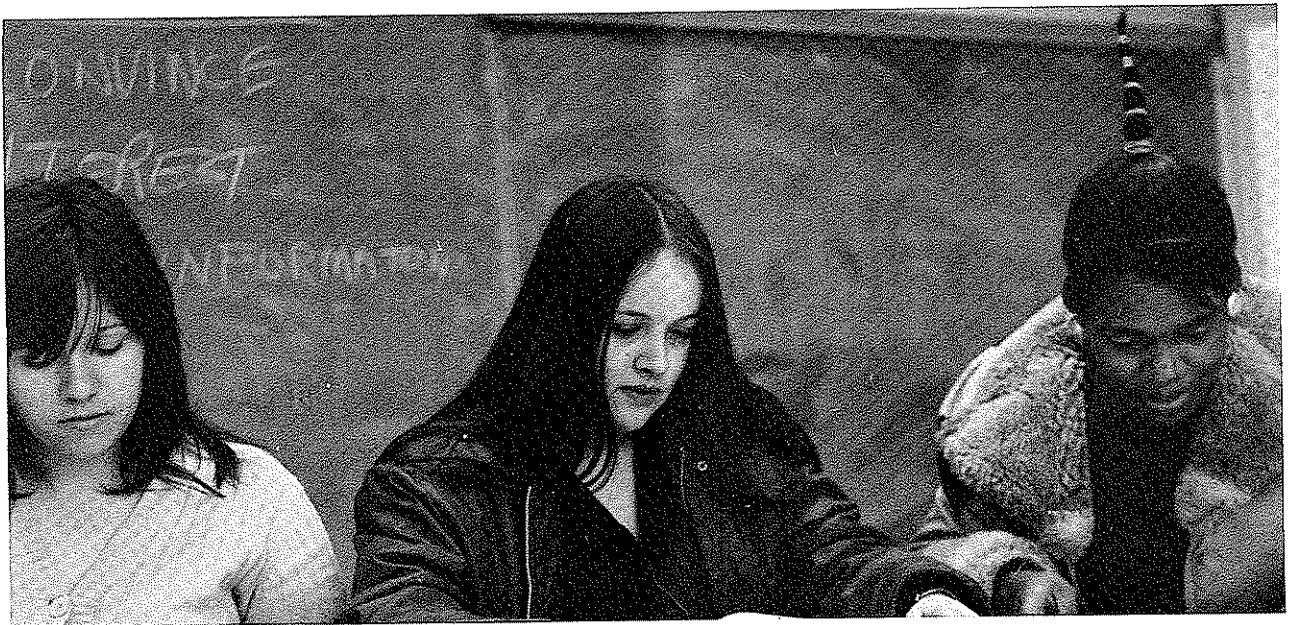

Oh, boy! Look at 'em work!

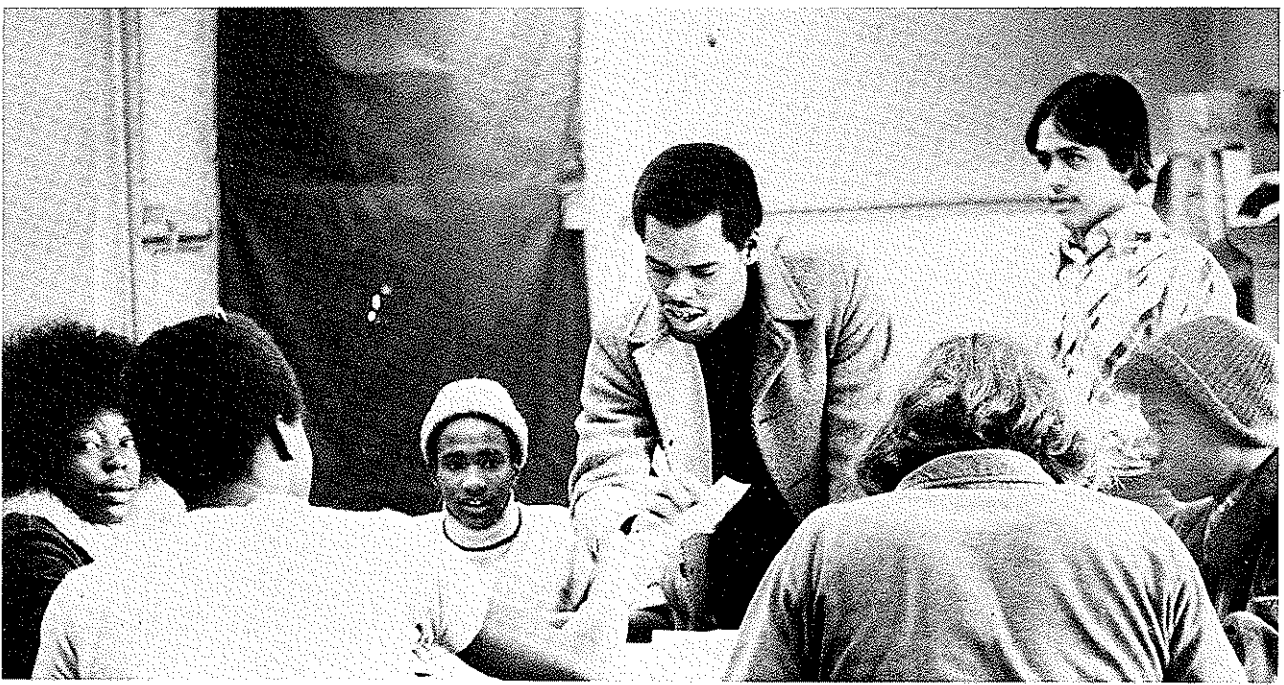

It can't be that funny.  
It can't be that sad.

Working side by side.

By side by side.

## *Yearbook Staff*

Seniors, you will have to face the shock of the future when you graduate because there may be no jobs for you to get. Now, seniors, what will you do. We wish you all the best of luck, but there may be future shock.

That future shock has hit Street Academy. The future is slipping over us. And it's hard to face it. But we must struggle together, brothers and sisters, to meet this new challenge coming from the fast-approaching future.

And to the students who will stay to meet the future here, it will be hard to make it. But we hope you make it, too. Really make it. Because you cannot fake it.

## *Future Shock*

Two's company, but three's a crowd.

They're busy in the English lab, except Ahmed!
